

	title	author	year	coordinator
1	Climatic risks in the Criș River Basin	Cristea Maria	2000	Prof. Dr. Octavia Bogdan
2	Air quality in the Bistrița Subcarpathian Corridor	Magdalina Simona	2000	Prof. Dr. Octavia Bogdan
3	North Dobrogea and Danube Delta. Human geography study with special reference on spatial planning	Dobre Silvia	2000	Prof. Dr. Ioan Ianoș
4	GIS techniques used in the elaboration of the Atlas of Danube Delta Biosphere Reserve	Nichersu Iulian	2000	Prof. Dr. Doc. Petre Gâștescu
5	Water resouces and state of environment in Negev – Israel	Cohen Natan	2001	Prof. Dr. Doc. Petre Gâștescu
6	Radiative climate in Romania	Oprea Cristian	2001	Prof. Dr. Octavia Bogdan
7	Short term anomalies induced by geographical factors. Seasonal climate forecast in Romania	Pop Corneliu	2001	Prof. Dr. Octavia Bogdan
8	Climatic risks induced by precipitations in the Siret River Basin	Vasenciuc Felicia	2001	Prof. Dr. Octavia Bogdan
9	The Covurlui Hills – A geocological study	Geacu Sorin	2001	Prof. Dr. Ion Zăvoianu
10	Land use impact on the environment of the Eastern Carpathian central range	Dîrloman Gabriela	2002	Acad. Dan Bălțeanu
11	The water resources in the Desnățui drainage basin	Anuța Claudia Eugenia	2002	Prof. Dr. Ion Zăvoianu
12	Landscapes in the Călimani Mountains distinguished by water resouces	Dincă Iulian	2002	Prof. Dr. Ion Zăvoianu
13	Water resources in the Brăila Plain and their environmental impact	Roșu (Ioan) Anca-Gabriela	2002	Prof. Dr. Ion Zăvoianu
14	The influence of climatic variations on the behaviour of concreat works of overhead electrical lines	Frumușelu Doina	2002	Prof. Dr. Octavia Bogdan
15	Atmospheric precipitations in Banat. Aspects of climatic risks	Stanciu Eugenia	2002	Prof. Dr. Octavia Bogdan
16	A geomorphic study of sediment yield in the Troțuș Basin	Dumitriu Dan	2003	Acad. Dan Bălțeanu
17	Water resouces in the High Plain of Pitești and water supply to Pitești city	Poșircă Rozica	2003	Prof. Dr. Doc. Petre Gâștescu
18	Climatic characteristics in the Dobrogea South Plateau with special reference to dryness and drought	Văduva Iulica	2003	Prof. Dr. Octavia Bogdan

19	Geographical research into the Black Sea Romanian Coast between Cape Midia and Cape Tuzla	Burada Marina	2003	Acad. Dan Bălteanu
20	Present day slope dynamics in the Subcarpathians between the Buzău and the Slănic Buzău Valleys	Costantin Mihaela	2003	Acad. Dan Bălteanu
21	A GIS approach to the hypsometric system and its role in water circulation within the Danube Delta Biosphere Reserve	Grigoraş Ion	2003	Prof. Dr. Petre Gâştescu
22	A study of freezing phenomena in the upper course of the Mureş river (between its springs and the towns of Târgu Mureş)	Colceriu Rodica	2003	Prof. Dr. Doc. Petre Gâştescu
23	The agro-climatic resources of Romania's vineyards	Ioan Ildiko	2003	Prof. Dr. Octavia Bogdan
24	The climate of the Romanian plain and its influence on the human body	Boloi Lăcrămioara Daniela	2004	Prof. Dr. Octavia Bogdan
25	Environmental changes in the Subcarpathian and the Piedmont basin of the Jiu river north of Filiaşi	Călugăru Corina	2004	Acad. Dan Bălteanu
26	Water resources and their use in the Carpathian and Subcarpathian space between the Dâmboviţa and the Prahova rivers	Murărescu Marcel Ovidiu	2004	Prof. Dr. Doc. Petre Gâştescu
27	Hydrological syntheses on liquid flow and sediment load discharge in the Buzău drainage basin	Diaconu Daniel- Constantin	2004	Prof. Dr. Ion Zăvoianu
28	Technological disasters management in the Romanian Danube sector between Baziaş and Turnu Măgurele	Dobre Gh. Bebe	2004	Acad. Dan Bălteanu
29	A study of ground waters in the the Danube Floodplain – The Drobeta Turnu-Severin – Corabia sector	Drăgoi T. Ioana- Jeni	2004	Prof. Dr. Doc. Petre Gâştescu
30	Natural hazards in the South Dobrogea Platform and the adjacent littoral area	Cheval I. Sorin	2004	Acad. Dan Bălteanu
31	Munţii Cernei – a geomorphological study	Gureanu T. Dorel- Lucian	2005	Dr. Lucian Badea
32	A correlation between climatic particularities and road traffic – induced pollution in the Braşov city	Sandu S. Mihaela	2005	Prof. Dr. Octavia Bogdan
33	Climate risks in the Bihor – Vlădeasa Massif	Gaceu I. Ovidiu- Răzvan	2005	Prof. Dr. Octavia Bogdan

34	Assessment of snowmelt-induced water discharge	Simota Marinela	2005	Prof. Dr. Ion Zăvoianu
35	A GIS approach to ground water resources in the Mostiștea Plain	Păncescu Mirela	2005	Prof. Dr. Ion Zăvoianu
36	The Danube Floodplain between Călărași and Brăila. A study of human impact on the environment	Drăgănescu Adriana	2005	Acad. Dan Bălțeanu
37	River discharge in the Jiu Basin	Barbălată Costel	2005	Prof. Dr. Ion Zăvoianu
38	Geneza, evoluția și starea actuală a reliefului Piemontului Bălăciței	Boengiu Sandu	2005	Dr. Lucian Badea
39	Climate risk phenomena in the Oltenia region	Marinică Ion	2005	Prof. Dr. Octavia Bogdan
40	The impact of natural hazards on Bucharest Municipality	Trandafir Marin Petre	2005	Acad. Dan Bălțeanu
41	Representativity criteria for met station platforms to assess global climate change	Raliță Ioan	2005	Prof. dr. Octavia Bogdan
42	Evolution and present-day modelling of the Jilțul Hills	Enculescu Mirela	2005	Dr. Lucian Badea
43	The Mehedinți Mountains. Geomorphological study	Török-Oance Marcel	2006	Dr. Lucian Badea
44	Rural tourism and agrotourism in Romania. A geographical study	Neacșu C. Andreea-Elena	2006	Prof. Dr. Ion Iordan
45	A study of the Târgoviște city ecosystem with focus on the environment	Alexe V. Rădița	2006	Prof. Dr. Doc. Petre Gâștescu
46	The climate and the climate risks in the Banat Plain	Soroceac C. Mihaela	2007	Prof. Dr. Octavia Bogdan
47	The Razim-Sinoe Lacustrine Complex. A limnology study	Brețcan S. Petre	2007	Prof. Dr. Doc. Petre Gâștescu
48	Ethnic-religious diversity in Central and South-East Europe	Dobrescu I. Robert-Sergiu	2007	Prof. Dr. Ion Iordan
49	Evolution and geomorphological traits of the Munceii Olăneștilor Hills	Mutihac V. Gabriel	2007	Dr. Lucian Badea
50	Anthropic impact upon the environment in Bucharest Metropolitan Area	Grigorescu I. Ines Manuela	2007	Acad. Dan Bălțeanu
51	Liquid and suspended sediment load discharge in the Curvature Subcarpathians	Chendeș T. Viorel	2007	Prof. Dr. Ion Zăvoianu
52	Climate and climatic risks in Craiova Municipium	Deaconu Șt. Frusina	2007	Prof. Dr. Octavia Bogdan

53	Climatic risk phenomena associated to atmospheric circulation in the south of Romania	Stan-Sion D. Aurora	2007	Prof. Dr. Octavia Bogdan
54	Geographical study of natural hazards in the Getic Plateau – Olt-Dâmbovița Rivers sector	Tanislav S. Dumitru-Dănuț	2008	Acad. Dan Bălțeanu
55	Winter climate risks in the Sibiu Depression and their influence upon human body and human behaviour	Costea Al. Sanda	2008	Prof. Dr. Octavia Bogdan
56	Hydrological study of the rivers from the western mountainside of the Eastern Carpathians between the Mureș and the Olt Valleys – with focus on flood waves	Popovici H. Felicia	2008	Prof. Dr. Doc. Petre Gâștescu
57	Land use dynamics and quality of the environment in the Cotmeana Plateau. Geographical study	Popovici M. Elena-Ana	2008	Acad. Dan Bălțeanu
58	The Leaota Mountains. Geomorphological study	Murătoreanu M. George	2008	Dr. Lucian Badea
59	Assessment of landslide hazards in the Subcarpathians between the Buzău and the Teleajen Valleys	Micu A.-S. Alexandru-Mihai	2008	Acad. Dan Bălțeanu
60	Tourist potential and its use in Bucharest and the metropolitan area of Bucharest	Dragomir V. Marilena-Emilia	2009	Prof. Dr. Ion Iordan
61	The vulnerability of settlements and the social risks in the Petroșani Depression	Costache S. Andra-Maria	2009	Acad. Dan Bălțeanu
62	Geographical study of the environment in the High Plain of Târgoviște	Sencovici V. Maria-Mihaela	2009	Prof. Dr. Doc. Petre Gâștescu
63	The water resources of the Dobrogea Plateau. Genesis, hydrological regime and use	Teodorescu N. Dacian-Constantin	2009	Prof. Dr. Ion Zăvoianu
64	The role of water in the dynamics of the Subcarpathian relief between the Argeș and Dâmbovița rivers	Herișanu Gh. Gheorghe Antonel	2009	Prof. Dr. Ion Zăvoianu
65	The influence of the physical-geographical factors on the formation and development of Romania's towns	Bordaș Șt. Paul	2009	Prof. Dr. Ion Iordan
66	The energy potential of wind in the East of Romania	Rusan N. Nicolae	2009	Prof. Dr. Octavia Bogdan
67	The Föhn on the Southern side of the Southern Carpathians between the Olt and the Danube rivers	Iordache (Irimescu) Gh. Anișoara	2009	Prof. Dr. Octavia Bogdan
68	Man-environment relations in the 'Rodnei Mountains' National Park	Kucsicsa I. Gheorghe	2009	Acad. Dan Bălțeanu

69	The impact of mining on the rivers of the Crișul Alb and Certej drainage basins	Sima (Șerban) V. Mihaela	2009	Acad. Dan Bălțeanu
70	The Danube Delta social risks and the quality of the environment	Damian C. Nicoleta	2009	Acad. Dan Bălțeanu
71	Geographical research on the environment in a semi-arid urban area. Beer-Sheva case study	Ofir M. Itay Itamar	2009	Acad. Dan Bălțeanu
72	Bucharest Municipality and the Vlășia Plain in the cartographic documents of the years 1800-2000	Radu I. Mariana	2009	Acad. Dan Bălțeanu
73	The influence of physico-geographical factors on water discharge in small catchments, with reference to Romania	Mătreață I. Simona	2010	Prof. Dr. Ion Zăvoianu
74	Applications of fractal geometry and of artificial neuronal networks in hydrology	Mătreață N. Marius	2010	Prof. Dr. Ion Zăvoianu
75	The climate and climate risks in Alba Iulia – Turda Depression	Mărculeț I. Cătălina-Margareta	2010	Prof. Dr. Octavia Bogdan
76	A study of the urban ecosystem the town of Alexandria with reference to its environment	Oneci (Petreș) Nicoleta-Florentina	2010	Prof. Dr. Doc. Petre Gâștescu
